DISCLAIMER
It is the mission of the Navy Gold Star Program to provide Survivors with information on resources available to them. The Journey is one of several tools used to accomplish that mission and from time to time will include information (including phone numbers and websites) for various non-governmental resources. The Department of the Navy does not endorse any company, sponsor or their products and service.
MEET ERICK C. ROBERTS
Naval Base San Diego Gold Star Coordinator

Erick Roberts joined the NRSW Gold Star team in April 2017 after transitioning from Fleet and Family Support Center’s Family Readiness Express (aka, “The FRE”) team. He brings six years of experience helping military families by providing them with a broad array of information, as well as referrals to various resources.

Erick is the Navy Gold Star Coordinator responsible for providing support and assistance to Gold Star families residing throughout San Diego, Utah, Hawaii, Arizona and New Mexico. Erick’s desire to bring his expertise to support our Gold Star Families raises awareness of Survivor-related needs and issues, while promoting Navy Gold Star Program services and events.

“It is my privilege to serve our Gold Star Families, while honoring the Fallen and helping to build the resiliency of our Survivors, he says. “I am looking forward to getting to know my Gold Star Families and continue to provide them outstanding long-term support.”

Erick is a prior active duty Marine and has two brothers who are retired Navy. In his spare time you might find him reading books, watching movies, listening to music and spending time with his family.

MEET STANFORD PARKS
Naval Base Ventura County Gold Star Coordinator

Stanford Parks is the newest member of the NRSW Gold Star team, joining Fleet and Family Support Center (FFSC) Ventura County. As Gold Star Coordinator, he is responsible for providing support and assistance to families residing north of Orange County to Northern California.

Stanford is a Navy veteran with 20 years of active-duty service, whose transition from the military included a position as an education service facilitator at FFSC (NBVC). In that role he served active duty members and their families in areas of stress management, financial management, and TGPS.

“As a Navy man, who gave many years in service to our country, it is now time for me to give back to my fellow brothers and sisters who gave all,” he says.

In Stanford’s spare time you will find him on the golf course or out fishing in Mexico. Born and raised in a military home in Oxnard, CA, he is the proud son of a retired Navy man.

GREETINGS FROM NAS LEMOORE!
by Heidi Green, Work & Family Life Specialist

Naval Air Station Lemoore is one of the Navy’s best kept secrets—a tight knit community in Central California and a perfect place to embrace our Gold Star families.

Since 2000, I’ve worked at the base in the deployment/ombudsman arena, as a Work and Family Life Specialist at Fleet and Family Support Center. It has been an honor to meet local Gold Star moms, spouses and families. I may not always know the right words to say but I can guarantee that I’ll always be there to listen to loved ones speak of their Service Member(s).

All Fleet and Family Support Centers serve as a CONNECTION POINT. If you are a Survivor residing within the city of Lemoore or commuting distance, explore your FFSC for local services you may be eligible to receive.

A TIMELY MESSAGE
BY LISA GRATTEAU, DEPLOYED RESILIENCY COUNSELOR SUPERVISOR, FFSC SAN DIEGO

Fleet and Family Support Counseling Services are available to assist all Gold Star Families and their children. We offer up to 12 sessions of counseling by licensed therapists with years of experience in the helping field and knowledge of the uniqueness of the Navy lifestyle. We offer individual counseling for adults to assist with issues of grief and loss, stress reduction and self-care, finding your way through change, personal growth and being a single parent. We have child therapists who assist children ages 3-6 with parental consent. We also offer play therapy to assist children in processing feelings, loss and changes in the family.

For older children 6-12 our skilled therapists can consult on topics such as bullying, managing anger and frustration, positive self-esteem, and working through loss. For teenagers the focus may be on building positive coping skills, coming to terms with disappointment, making good choices and natural consequences, as well as navigating into adulthood.

Family counseling is available depending on the age range of the children. Fleet and Family Support also has great life skills classes on resume writing, winning interview techniques and insights for starting a home-based business.

We have locations in the community in the Bay View Hills area, Village of Serra Mesa, Gateway and on the Coronado and Naval Base San Diego bases. We are proud and ready to serve those that have served our country.

The holidays can be difficult for Navy Gold Star Families grieving the loss of their loved one. For some, long-standing family traditions either cease or feel incomplete. The Holiday Memorial Tree Campaign and associated events, offer the opportunity to create new traditions, while honoring the memory of the Fallen.

Three memorial trees will be erected at various locations throughout Navy Region Southwest. Subsequently, the trees will be decorated with ornaments bearing the names of our Fallen Service Members, lovingly handwritten by their friends and family. For more information on the Holiday Memorial Tree Campaign or other events, contact your Gold Star coordinator.
